RECORDER OF DEEDS

October 1st, 2025

In response to the Right-to-Know request, please find below the completed certification for Attachment B.

Please be advised that we are denying the request submitted under Attachment B for the following reasons:

- **Overly vague request (§ 67.703):**
 - The RTKL requires that requests identify records with sufficient specificity so that the agency can ascertain exactly what is being requested. This request broadly seeks “any and all” reimbursement requests and related supporting documentation under multiple possible titles without identifying a particular transaction, date range narrower than four years, or other specific criteria. This lack of specificity makes it impossible for the Fayette County Recorder of Deeds Office to reasonably determine what records are sought.
- **Creation of records not required (§ 67.705):**
 - To the extent this request would require the agency to conduct research, compile data, or otherwise create a new record, the RTKL does not impose such an obligation. The law only requires access to existing records maintained by the agency.
- **Presumption limited to records actually in possession (§ 67.305):**
 - Only records in the actual possession of the agency are presumed to be public. To the extent the request seeks documents outside of the Recorder of Deeds’ custody or control, such records cannot be provided.

For these reasons, the request under Attachment B is denied pursuant to 65 P.S. §§ 67.703, 67.705, and 67.305.
