Thank you for the response. I appreciate it.

I'm happy to discuss this by phone or email to clarify scope. I usually can't come in during business hours because I work out of state for weeks at a time on short notice.

For record-keeping purposes, please confirm in writing whether the records responsive to my January 3, 2026 Right-to-Know request are available through the Recorder of Deeds office and will be provided without requiring an RTK appeal.

I'm simply trying to determine the recorded right-of-way width and related recorded instruments for Ruskin Street adjacent to the listed parcels.

Thanks,

-Mark

Mr. Lazaran Jr,

I apologize for not getting back to you sooner. This email finally showed in my inbox today. I will give you call as soon as possible to get the full scope of what you need. This item does not need to be handled through RTK requests as it is public record and is handled through our office. In the future you can stop by during business hours or just give me a call and we will be happy to help.

Thank you,

Jon R. Marietta Jr.

Recorder of Deeds
County of Fayette
Fayette County Courthouse
61 E. Main Street
Uniontown, PA 15401

--

Seems the email published on the recorder's website (jmarietta@fayettecountypa.org) is incorrect and nonfunctional. Please review the forwarded email chain, as I'm requesting a status update on a right-to-know request I submitted on January 3.

The rtk request was submitted correctly to fayettertk@fayettepa.org, so there shouldn't be an issue with it having been received.

Can I get a status update on this? Are you really going to make me appeal to find the width of a public right of way?
